

Analysis & Evaluation Workshop

Published 10/12/2010

Review of current and past Iterative Transformation Initiatives (ITI) by the Ammunition Logistics Focus Team (ALFT) resulted in the review of several ongoing programs and initiatives. In order to promote knowledge and understanding of these programs and initiatives the Analysis and Evaluation (A&E) Team is conducting Workshops during Fiscal Year 2011 and 2012 for the following subjects: The Physical Inventory Control Program (PICP), the Monthly Inventory Review Report (MIRR), the Ammunition Supply Point (ASP) Standard Operating Procedure (SOP), the Ammunition Management Guide (AMG), the Explosives Safety Inspection (ESI) Program 15 and the Ammunition Logistics Focus Team ITI process. The A&E Workshops are conducted at sites utilizing the PICP.
